

Hi!

Many of you will recognise this heart which sits in my study and appears in our weekly films. It's a picture I am fond of for many reasons and it helps me to reflect on the complexities of love.

It's a great reminder of the fact that we are all different but made in one image, God's image. It's a reminder that despite those differences we are called to be communities of unconditional love.

This year many of you have wrestled with how best to love one another. Some have shown love by staying home to keep others safe. Some have shown it by being out and about in whatever ways seemed safe and appropriate at the time. No doubt all of us have had to be creative in finding new ways to reach out in love to those in our community.

As Christian Aid Week approaches, perhaps you might choose to reach out in love by donating to help our brothers and sisters across the world? Christian Aid has a climate change based appeal this week and a special corona support fund called 'Give thanks for your vaccine. Both of these funds can be supported by going to christian.org.uk or by phoning 020 7523 2493.

Thank you for being the amazing folk that you are. May God bless you with a wonderful week.

Lastly, don't forget, if you are worshipping in the building at Prudhoe this week, **make sure you book in by** phoning 07732784080.

Thanks!

Jenny
